OPINIONS AND DECISIONS

JUDICIAL COUNCIL of THE METHODIST CHURCH

January 2-3, November 27-28, 1951

73

In Re: Ruling of Bishop G. Bromley Oxnam in the Newark Conference, May 24-28, 1950, in Bloomfield, New Jersey

DIGEST OF DECISION

An Annual Conference has the authority to instruct its Board of Conference Claimants to include supply years in computing the annuity years of a member of the Conference.

JURISDICTION

One of the ways by which a question can come to the Judicial Council is found in Division Four, Article II, Section 3 (Paragraph 43, 1948 Discipline) of the Constitution of The Methodist Church, viz., "To pass upon decisions of law made by bishops in Annual or District Conferences." Since the request for a ruling was made in writing and the answer is recorded in the Conference Journal (See Paragraph 40, 1948 Discipline), the matter is properly before the Judicial Council for consideration.

STATEMENT OF FACTS

At the session of the Newark Annual Conference held in Bloomfield, New Jersey, May 24-28, 1950, the Reverend Hedding B. Leech, a retired member of the Conference, requested a ruling upon the following question:

"Many ministers have served as full-time Supply Pastors prior to their Admission on Trial in an Annual or Mission Conference. Has a Conference the authority to instruct its Board of Conference Claimants to include supply years in computing the annuity years of such ministers?"

Ruling of the Bishop

The Bishop ruled that the Annual Conference has the authority to instruct the Board of Conference Claimants

to include supply years in computing the annuity years of such ministers citing as his authority the 1948 Discipline of The Methodist Church, Paragraph 1630, Section 16, which reads as follows: "Years served as a full-time accepted supply pastor may be counted on the same basis as a special conference claimant in determining the annuity or dependency benefit claim of a regular conference claimant."

Decision of the Judicial Council

Since the phrase "full-time supply" used in the question propounded to the Bishop appears to be well within the intended meaning of the phrase "accepted supply pastors" used in the paragraph of the Discipline cited, and in particular as applied to those full-time supply pastors who served in any one of the three uniting churches as they existed before union, and before the term "accepted supply pastors" appeared in the Discipline, we therefore judge the ruling of the Bishop to be correct. The ruling is therefore affirmed.

In Re: Ruling of Bishop G. Bromley Oxnam in Response to a Request from Hallam M. Richardson, in the New York East Conference, May, 1950, Relating to the Legality of Lay Members Holding a Separate Business Session at the Annual Conference

DIGEST OF DECISION

A business session of the lay delegates to an Annual Conference would be illegal, if not called for the purpose of electing lay delegates to the General and Jurisdictional Conferences.

STATEMENT OF FACTS

At the Session of the New York East Annual Conference, held in Hansen Place-Central Church of Brooklyn, May 17-21, 1950, when the Presiding Bishop, G. Bromley Oxnam, took the chair to call the Conference to order for the afternoon session, a request was sent forward asking the Bishop to announce a special meeting of the lay members of the Conference at 2:30 P.M. of the same day. The Bishop advised the Conference of the request but stated that

he could not make such announcement since the Conference itself was then in session and it appeared to him improper for lay members of the Conference to be called to attend another meeting at the time the Conference was in session.

In a subsequent session of the Conference, Hallam M. Richardson, a lay member, presented to the Presiding Bishop the following request for a ruling:

"Is it in accordance with the Methodist Discipline and the rules of our own Conference for Lay Delegates to assemble for a business session, either at some hour when the Conference is in recess or while the Conference is in session?"

Ruling of the Bishop

The Bishop made his ruling as follows:

"It is illegal for Lay Members of an Annual Conference to meet for a *business session* either at some hour when the Conference is in recess or while the Conference is in session."

This ruling has been properly certified to the Judicial Council and is now regularly before the Council for review.

Decision of the Judicial Council

The Constitution of The Methodist Church in Paragraphs 22-25 of the Discipline sets out the constitutional powers of the Annual Conference. Paragraph 22 states that it is the "basic body in the church," and that there are reserved to it certain voting rights and "such other rights as have not been delegated to the General Conference under the Constitution."

In the same Paragraph (Paragraph 22) appears the following constitutional provision:

"It shall discharge such duties and exercise such powers as the General Conference under the Constitution may determine."

This seems to restrict the constitutional powers of the Annual Conference to those powers specifically enumerated in Paragraphs 22-25 in the Constitution. This interpretation is implemented by the following provision of the Constitution:

Division Two, Section I, Article IV (Paragraph 8 of the Discipline). "The General Conference shall have full legislative power over all matters distinctly connectional, and in the exercise of said powers shall have authority as follows: . . .

"3. To define and fix the powers and duties of Annual Conferences, ..."

The constitutional provisions relating to the powers of Annual Conferences (Paragraphs 22-25) do not specifically authorize Annual Conferences to order or hold separate meetings either of its ministerial or of its lay delegates.

The General Conference has granted to the Annual Conference (Paragraph 631) power to make rules to govern its own procedure, "*provided* that no Annual Conference shall make any rule contrary to the Constitution or to the powers granted it by the General Conference." We believe, however, this would not authorize the Annual Conference to order or hold a separate meeting of its lay delegates or of its ministerial delegates without specific authority from the General Conference.

The General Conference, in Paragraph 646, has authorized the Annual Conference to order a separate meeting of its ministerial delegates "to consider questions relating to matters of ordination, character, and conference relations." The constitutionality of this provision has been sustained by the Judicial Council. (See Decision No. 42, *In Re: Executive Sessions of Annual Conference Excluding Lay Members; Constitutionality of Paragraph 646, Discipline 1944*, Judicial Decisions, P. 125, H. R. Van Deusen and W. G. Henry dissenting.)

The General Conference (Paragraph 502, Section 2) has conferred upon the Annual Conference the right to have separate meetings of the ministerial and lay members for the purpose of electing delegates to the General and Jurisdictional Conferences.

Apparently these two paragraphs (Paragraph 646 and Paragraph 502) are the only two instances in which the General Conference has authorized the Annual Conference to hold separate meetings of its ministerial or of its lay delegates. The authority conferred under these two paragraphs has its basis in the Constitution (Paragraph 8, Section 3).

The question submitted to Bishop Oxnam for ruling reads as follows:

"Is it in accordance with the Methodist Discipline and the rules of our own Conference for Lay Delegates to assemble for a business session, either at some hour when the Conference is in recess or while the Conference is in session?"

Since the question of electing delegates to the General and Jurisdictional Conferences was not before the New York East Annual Conference in May 1950, the above question could not be interpreted as asking for a ruling on the validity of Paragraph 502 above referred to. It must be construed as relating to some other proposed meeting of the lay members of the Annual Conference. Since the General Conference has not authorized the Annual Conference to hold or authorize separate meetings of its lay delegates except as provided in Paragraph 502, no such meeting can legally be held.

Accordingly the ruling of Bishop Oxnam is affirmed.

**In Re: Ruling of Bishop Hazen G. Werner in
Ohio Annual Conference with Reference
to Election of Trustees for
White Cross Hospital**

DIGEST OF DECISION

The Ohio Annual Conference of The Methodist Church, now being the White Cross Hospital Association of Ohio, is the source of ultimate control of the White Cross Hospital and has the right and power at its discretion to change or amend the method of electing the trustees of the corporation; but, until the Annual Conference changes the method set forth in Art. VI of the present Constitution of said White Cross Hospital Association, it is bound thereby.

STATEMENT OF FACTS

At the 1950 session of the Ohio Annual Conference of The Methodist Church, the question of the election of trustees for Methodist Hospitals in the operation of which said Conference participates, came up for consideration. During the discussion concerning the same the Presiding Bishop, Hazen G. Werner, made an official ruling as reflected in the following excerpt from the 1950 Journal of the Ohio Annual Conference:

EXTRACT FROM THE OFFICIAL JOURNAL OF THE
OHIO ANNUAL CONFERENCE FOR 1950

"The nominations of trustees—Charles A. Jones read the list of nominations for trustees for Christ Hospital. Members of the

Conference raised the question as to why there were not more ministers among the nominees, and what percentage were in The Methodist Church. The institutional representatives made satisfactory response to these questions. The question of making nominations from the floor arose. Charles A. Jones quoted from the constitution of White Cross Hospital, which states that the trustees are to be nominated by the Board and elected by the Conference. He felt that nominations were not permissible from the floor. The Bishop, however, ruled otherwise: 'Upon the request for the privilege of nominations in respect to the election of members to the boards of trustees of Methodist Hospitals, nominations made from the floor would be in order.'

"Bishop Werner ruled that 'Nominations by other than the board are in order, and that inherently in the institution of elections is the possibility of choice.'"

(From the Proceedings of the Fourth Day, Saturday, June 10, 1950, Pages 672 and 673.)

After this ruling Bishop Werner permitted nominations from the floor for trustees for White Cross Hospital in addition to the nominations for said trustees that had been made by the Board of Trustees of White Cross Hospital. The persons nominated from the floor were elected. The hospital has refused to seat those thus elected and maintains that the Annual Conference has no right to use its own judgment with respect to who shall be nominated and elected as trustees of White Cross Hospital.

JURISDICTION

Division Four, Article II (Paragraph 43 of 1948 Discipline) of the Constitution of The Methodist Church reads in part as follows:

"*Art. II.*—The Judicial Council shall have authority: . . .

"3. To pass upon decisions of law made by bishops in Annual or District Conferences."

The Journal of the 1950 session of the Ohio Annual Conference shows clearly that such a ruling was made in said Annual Conference by Bishop Werner with respect to the matter here under consideration. Accordingly, we hold that the Judicial Council has jurisdiction to review and pass upon said ruling made by Bishop Werner in the 1950 session of the Ohio Annual Conference.

Decision of the Judicial Council

On March 16, 1891, nine citizens of the State of Ohio associated themselves together under the name, "Protestant Hospital Association of Columbus, Ohio," and executed and filed with the Secretary of State a charter for a non-profit corporation bearing the name, "Protestant Hospital Association of Columbus, Ohio." The main purposes of the corporation were stated to be:

"(1) To provide medical and surgical aid for the sick and disabled;

"(2) To train suitable persons in the duties of nursing and attending upon the sick."

The charter makes no provision for trustees or directors. Presumably the method of administering the affairs of the corporation was left to the association sponsoring the same.

In 1922 the Ohio Annual Conference of the Methodist Episcopal Church became the "Protestant Hospital Association of Columbus, Ohio," with full powers of control over said corporation. This is proclaimed by multiple references in the Journals of the Ohio Annual Conference, by the periodical statements of the Board of Trustees administering the affairs of the corporation, by amendment to the charter of the corporation, by the fact that the Annual Conference became joint obligor with the corporation for \$750,000 in aid and support of the White Cross Hospital and by other facts hereinafter referred to.

The 1922 amendment to the charter is most significant. By that amendment the name of the corporation was changed from, "Protestant Hospital Association of Columbus, Ohio," to, "White Cross Hospital Association of Ohio," the latter being distinctly Methodist nomenclature.

Between 1922 and 1925 two or three different methods of electing trustees to manage the affairs of the corporation were experimented with. In 1925, however, a procedure denominated "Constitution and By-Laws of White Cross Hospital Association of Ohio" was adopted by the then Board of Trustees and approved by the Ohio Annual Conference of the Methodist Episcopal Church. The part of this procedure denominated the "Constitution" recognized the ultimate control of the corporation to be in said Annual Conference and specifically provided that the property of the corporation was being held by the trustees "in trust for the use of the Ohio Annual Conference of the Methodist Episcopal Church and according to the usages and Discipline of the Methodist Episcopal Church."

The Board of Trustees in its reports from time to time have recognized and referred to the White Cross Hospital as an institution of the Ohio Annual Conference. In the presentation of this matter before the Judicial Council it was admitted by all parties concerned that the White Cross Hospital (the corporation and its assets) is the property of the Ohio Annual Conference,

In this "Constitution" adopted by the Ohio Annual Conference in 1925, provisions were made for the election of trustees as follows:

"ARTICLE VI

"The term of service of Trustees shall be five years, and until their successors are elected and qualified. . . . Election of Trustees shall take place in the following manner. The requisite number to fill the Board annually shall be nominated by the Board of Trustees and elected by the Ohio Annual Conference of the Methodist Episcopal Church. . . ."

Article X of this "Constitution" gave the Board of Trustees power to fill vacancies until the time for the next annual election of trustees.

Article XII, relating to amendments to the Constitution, reads as follows:

"ARTICLE XII

"This Constitution may be amended by a two-thirds vote of the Trustees at any regular meeting, provided that such amendment has been presented in writing at a regular meeting one month previous to its adoption, or by a majority of the Trustees at a meeting held for that purpose upon notice given personally to each member; and provided further no amendment shall be made to the Constitution affecting the election or qualification of the Trustees without the approval of the Ohio Annual Conference of the Methodist Episcopal Church."

An interpretation of these provisions of the "Constitution" of the White Cross Hospital Association of Ohio seems necessary to a final decision on the question now before the Judicial Council.

The Articles further proclaim the fact that the residuary control of the corporation vests in the Ohio Annual Conference of the Methodist Episcopal Church. This Conference delegated to the Board of Trustees of the corporation power to amend the Constitution and the By-Laws, but took particular care to preserve its ultimate control by denying to the trustees the right to change the method of electing trustees without the approval of the Annual Conference—the source of ultimate control.

The Annual Conference having become the "White Cross Hospital Association of Ohio" became possessed of full and unrestricted control of the corporation. Once having obtained that power and still remaining the association sponsoring the corporation, it still has that power.

In delegating to the Board of Trustees certain privileges it did not surrender its ultimate power of control and by direct action has the right to assert that power at its will.

That the grant of authority to the trustees to amend the Constitution, as set out in Article XII, is merely permissive and is not a surrender of any power or authority vested in the Annual Conference is clearly shown by the contents of Article XII itself. This Article contains no words or phrases that can be construed to prohibit the Annual Conference from changing the Constitution. The language used definitely establishes the fact that the grant of power to the trustees to change the Constitution was merely the granting of a privilege and not the surrender of a power or right. Note particularly the use of the word "may" in the first line of that paragraph as contrasted with the double use of the word "shall" in Article VI. This being only a permissive grant of power or privilege, the Annual Conference having the right to grant such power or privilege possesses also the power to make amendments to the Constitution on its own volition. This residual right and power in the Annual Conference to control the provisions of the Constitution is accentuated by the provision of Article XII of the Constitution prohibiting the trustees from making any change in the method of electing trustees without the consent of the Annual Conference.

The Annual Conference, however, having itself set up a rule which, by the double use of the word "shall" appears to be mandatory until changed, is bound by such rule and must act in accordance therewith until another rule has been established to take its place. Such an amendment to this rule may and can be made either by action of the Board of Trustees approved by the Annual Conference, or by direct action of the Annual Conference, the ultimate and residual source of all power for the control of the corporation.

Some members of the Council are of the opinion that the action of the Annual Conference in electing trustees as it did at its 1950 session was the exercise of that residuary power vested in the Annual Conference. The majority of the Council, however, are of the opinion that by the adoption of this method of electing trustees and emphasizing it by the double use of the word "shall" and by safeguarding the ultimate control of the corporation by prohibiting the trustees from changing that method without its approval the Ohio Annual Conference mani-

fested an intention to be bound by that method until the conference, by direct and unmistakable action, should change that method of electing trustees.

Some members of the Council believe that the action taken by the Annual Conference in its 1950 session, by accepting nominations from the floor in addition to the nominations made by the Board of Trustees, was in effect an exercise by the Annual Conference of its residuary power to change the method of electing its trustees. The majority of the Council, however, are of the opinion and hold that such action of the Annual Conference at its 1950 session was not intended to constitute a change in the established rule, but was merely the result of an interpretation of the rule as it now exists.

In the opinion of a majority of the Judicial Council the rule under consideration is not subject to the interpretation given to it by Bishop Werner. While Robert's Rules of Order are always acceptable authority on parliamentary procedure where other rules or precedents have not been established, we believe the well established rules of procedure of The Methodist Church, as manifested in numerous provisions of the Discipline of The Methodist Church, should control here. Many provisions are contained in the Discipline for nominations by one body and election by another body without the requirement that there should be a multiplicity of nominees so as to give the electing body a choice between nominees. In a sense this is a ratification rather than an election, but it is denominated in the Discipline as an election.

Furthermore, where a multiplicity of nominees is required, so as to give the electing body a choice between nominees, specific provision is made therefor. For example see Paragraph 901 of the 1948 Discipline relating to the election of members of the Judicial Council.

Since the rule established by the Ohio Annual Conference for the election of the trustees of the "White Cross Hospital Association," and followed by it for twenty-five years, did not provide for nominees from the floor, we do not believe that was permissible under such rule.

The majority of the Judicial Council believe and so hold that the Ohio Annual Conference is the "White Cross Hospital Association of Ohio"; that it has full and unrestricted power to control the corporation by that name and to determine by direct action from time to time as it

may deem best the method by which the trustees of the corporation may be elected. Until, by direct action of the Annual Conference, the present method of electing such trustees is changed, it appears that the Annual Conference is bound by the rule set out in Article VI above quoted and as herein interpreted.

In our opinion the major rules for the government of a corporation cannot be ignored at will, even by the body that has the power to amend or change those rules, merely to suit an occasion. In this case a definite rule has been established for the election of trustees. All persons interested in the White Cross Hospital have a right to rely upon the rules and regulations as prescribed until a lawful change is made. We, a majority of the Council, believe the Ohio Annual Conference is bound by that rule until it makes a change therein and that no different method of electing trustees can be pursued by the Annual Conference until after it has made such change.

We believe this interpretation is in keeping with the rules and precedents of The Methodist Church, and the corporate statutes of the State of Ohio. It is supported by Decision No. 38 of this Judicial Council, *In Re: Corporate Meetings, Central Kansas Conference*, Judicial Decisions, P. 107.

Accordingly the ruling of the Presiding Bishop at the 1950 session of the Ohio Annual Conference of The Methodist Church, to the effect that in the election of trustees for the White Cross Hospital Association of Ohio nominations from the floor were permissible, is hereby reversed.

January 3, 1951

J. T. Alton, at his own request, was excused from participating in the discussion and decision of this case, because of his recent membership in the Board of Trustees of White Cross Hospital.

Dissenting Opinion

The White Cross Hospital Association of Ohio is a non-profit corporation organized and existing under the Statutes of the State of Ohio, Ohio General Code 8623-97 et seq. The members of the corporation are members of the Ohio Annual Conference of The Methodist Church. As such members they have all the voting and other rights accorded to members of any corporation so organized.

It is held by the majority opinion of the Judicial Council in this case, however, that by means of a provision contained in the so-called "Constitution and By-Laws" of this association the voting rights of the members may be restricted or entirely abrogated. With this proposition we cannot agree.

We are in accord with the Decision wherein it is held that the members of the corporation have the right to amend or alter the questionable provision in the "Constitution and By-Laws." But we believe it should be held that the rights of the members are not limited merely to an amendment of by-laws, but may be exercised in the manner which actually took place at the last session of the Ohio Annual Conference.

We should study carefully this provision relied upon by the hospital trustees. This reads as follows: "Election of Trustees shall take place in the following manner: The requisite number to fill the Board annually shall be nominated by the Board of Trustees, and elected by the Ohio Annual Conference."

It is a general rule of law which applies to all corporate elections, whether same be business corporations with share capital, or non-profit or charitable organizations, that the members thereof at the duly appointed time, under the provisions of statute and such rules and regulations as may have been adopted, have the inherent right of election of directors or trustees. To facilitate such elections it is quite customary to provide for a nominating committee to suggest a slate of directors or trustees. It is not thereby intended that other nominations may not be made at the proper time, nor even to prevent any voting member from casting a ballot for some person not on any nomination list.

To give the provisions of Article VI of the White Cross Constitution and By-Laws the narrow interpretation insisted upon by the hospital trustees, which in effect would give the hospital trustees the right to perpetuate themselves, would do violence to a fundamental legal principle as to the control of any subsidiary organization of a religious or charitable body. This is recognized by the majority opinion in this case. If the Annual Conference is to elect, it must in the very nature of things have the right to "select by vote," or "to choose in preference to another or others." The right and duty of the members

of the corporation is not merely to approve the election of a slate submitted to them, but to exercise independent judgment thereon and elect or select from any names that may come before them.

It is to be noted that this is not a provision contained in the charter and that it is not provided for by any statute. Yet it is contended that this clause granted to the existing Board of Trustees the exclusive right of nomination of successors, thus virtually giving the Board the right of continuing their control indefinitely. At the most all that this clause does is to provide a convenient manner of having names presented for consideration of the members. The use of the word "shall" in the clause is not to be construed as an exclusive method for nominations; but it is to be interpreted as making it mandatory on the Board of Trustees to submit an initial list of candidates for trustees. In other words, it is the duty of the trustees to present nominations to the Conference. In case they fail to perform this duty, it is still the right of the members to nominate and proceed to election of trustees in the usual manner of corporate elections. By no possible grammatical or legal interpretation can the language used in this paragraph be construed to provide an exclusive method of nominations.

It must be clearly kept in mind that when the members of the Ohio Annual Conference were convened to elect trustees of the White Cross Hospital Association, they were meeting in a corporate capacity as the members of the corporation, and that the nomination and election of such trustees must be governed by statutory provisions and applicatory law.

It is argued that in some instances in the Discipline of The Methodist Church provision is made for the selection or appointment of certain officials or committees through the medium of a nominating body. However, there is a very vital distinction between such cases involving the appointment of administrative officers or advisory and promotional boards (even if the designated method of selection by a nominating body be held to be the exclusive method), and the present case which involves the election of the governing body of a corporation. In other words, no such by-law as in this case can deprive the members—that is, the stockholders—of exercising their franchise in the election of trustees under the provisions of charter and statute. To hold otherwise would not be democracy nor good law.

Based upon the foregoing unquestioned legal principles as applied to the facts in this case, we would hold that the ruling of the Presiding Bishop in permitting nominations from the floor at the time of the annual election of trustees of this corporation should be affirmed.

In Re: Request of Council of Bishops for Decision with Respect to Constitutionality of Par. 502, Sections 2 and 3

DIGEST OF THE DECISION

Section 2, Paragraph 502 of the 1948 Discipline is not unconstitutional. The following sentence in Section 3, Paragraph 502, "A spring Annual Conference may elect the delegates to the General and Jurisdictional Conferences at its third regular session following the adjournment of the General Conference," is unconstitutional.

JURISDICTION

At a session of the Council of Bishops held April 26, 1951, at Grand Canyon, Arizona, the Council of Bishops voted unanimously to request the Judicial Council to determine the constitutionality of Sections 2 and 3 of Paragraph 502 of the 1948 Discipline of The Methodist Church.

In Paragraph 43, Article II, Section 1 of the Constitution the Judicial Council is authorized "to determine the constitutionality of any act of the General Conference upon an appeal of a majority of the Council of Bishops." Thus, the Judicial Council is authorized to take jurisdiction.

Decision of the Judicial Council

Paragraph 24, Article IV of the Constitution provides for the election of ministerial delegates to the General and Jurisdictional Conferences by the ministerial members of the Annual Conference.

Paragraph 25, Article V of the Constitution provides for the election of lay delegates to the General and Jurisdictional Conferences by the lay members of the Annual Conference.

Nothing is said in the Constitution that will either permit or prevent the ministerial and lay members of the Annual Conference from meeting separately to vote for delegates to the General and Jurisdictional Conferences.

Paragraph 22, Article II of the Constitution states that "the Annual Conference is the basic body in the church, and as such shall have reserved to it the right to vote on . . . the election of ministerial and lay delegates to the General and the Jurisdictional Conferences, . . . and such other rights as have not been delegated to the General Conference under the Constitution."

It would seem from these provisions of the Constitution that the Annual Conference is given a wide range of interpretation of the plan by which the ministerial and lay delegates are to be elected. Paragraph 631 of the 1948 Discipline states, "The Annual Conference may make rules to govern its own procedure, *provided* that no Annual Conference shall make any rule contrary to the Constitution or to the powers granted it by the General Conference."

Whether the ministerial and lay members of the Annual Conference must sit together in one room while voting, or in different sections of the same room, or whether they may have more privacy by meeting in separate rooms, would be a matter for the Annual Conference to determine, providing the place of meeting is declared to be the bar of the Conference and the meeting is under the direction of the Bishop.

In decision No. 42, rendered by the Judicial Council on April 24, 1947 (See Judicial Decisions, P. 125 et seq.), the constitutionality of an Annual Conference's ordering an executive session of the ministerial members to consider questions relating to matters of ordination, character, and conference relations was upheld. Therefore, Section 2 of Paragraph 502 of the Discipline should not be regarded as unconstitutional.

In Section 3 of Paragraph 502 of the Discipline the statement is made that "a spring Annual Conference may elect the delegates to the General and Jurisdictional Conferences at its third regular session following the adjournment of the General Conference."

Paragraph 23, Article III of the Constitution and the first sentence of Section 3 of Paragraph 502 both require that delegates to the General and Jurisdictional Confer-

ences shall be elected "at the session preceding the General Conference." Strict interpretation of that requirement does not permit the election of delegates to the General and Jurisdictional Conferences at any session of the Annual Conference except "the session preceding the General Conference." The first sentence of Section 3 of Paragraph 502 is in complete harmony with the requirement of the Constitution. "The election of delegates, by ballot, shall [not "may"] be held at the session of the Annual Conference immediately preceding the General Conference." The second sentence of Section 3, Paragraph 502 clearly permits a violation of the requirement of both Paragraph 23, Article III and the first sentence of Section 3, Paragraph 502. This second sentence, therefore, is unconstitutional and is so declared.

**In Re: Rulings of Bishop William T. Watkins at the
1951 Session of the Kentucky Annual
Conference**

DIGEST OF THE DECISION

1. A report to an Annual Conference, containing a financial statement which the Discipline requires to be audited, should not be approved until the audit is made and the financial statement is shown to be correct. Other parts of the report may be approved pending such audit.

2. The Discipline does not specify the manner of presenting nominations for Conference Lay Leader to the Annual Conference; hence oral nominations are permissible unless the Annual Conference has provided otherwise.

3. In the Kentucky Annual Conference the nomination of the Conference Lay Leader, to be valid, must be made by the Annual Conference Board of Lay Activities by ballot at a meeting of such Board, at which a majority of the members of the Board are present and voting, and by a majority vote of the members of the Board present and voting.

4. The Discipline does not require that a certificate reciting the process by which the nomination was determined shall be presented with the nomination. When the nomination of a Conference Lay Leader is presented to the Annual Conference by a rep-

representative of the Board of Lay Activities, the regularity of same will be presumed in the absence of a showing to the contrary.

JURISDICTION

At the 1951 session of the Kentucky Annual Conference, Marcus C. Redwine, a Lay Member of the Annual Conference, propounded in writing to Bishop William T. Watkins the following questions:

1. "Can annual report of the Conference Lay Board be approved before compliance with Paragraph 722 'Audit' of the 1948 Discipline?"
2. "Can a Conference Lay Leader be nominated, except on certificate in writing that at a regular meeting, with a quorum present, that person so nominated was so named by ballot by a majority of said quorum of the Conference Board of Lay Activities?"
3. "May the nomination of the Board of Lay Activities for Conference Lay Leader be made orally, or must it be made in writing?"

To these questions Bishop Watkins made answer in writing before the Annual Conference. Therefore the Judicial Council has jurisdiction to hear and determine the issues involved in the rulings of Bishop Watkins above referred to.

Decision of the Judicial Council

The first question propounded is as follows:

"Can annual report of the Conference Lay Board be approved before compliance with Paragraph 722 'Audit' of the 1948 Discipline?"

To this question Bishop Watkins answered as follows:

"The failure by oversight of a board of an Annual Conference to observe some legal requirement does not prevent a board from making a report to the Annual Conference, nor does it invalidate the right of an Annual Conference to accept the report."

Before passing judgment upon this ruling of Bishop Watkins we call attention to the fact that the Kentucky Conference, under its Rule 21, operates, as far as they apply, under the Rules of the last General Conference; "otherwise Robert's Rules of Order, Revised, shall govern the procedure in the Annual Conference." (See Judicial Decision No. 66, P. 199 et seq.)

Paragraph 53 of Robert's Rules of Order states that a motion to "accept" a report is equivalent to adopting the report.

Paragraph 54 of Robert's Rules of Order provides:

"If it [the report] is a financial report, as in the case of a Board of Trustees or a Treasurer, it should be re-

ferred to an auditing Committee, as the vote to accept the report does not endorse the accuracy of the figures, for the assembly can only be sure of that by having the report audited. Whenever such a financial report is made, the chair, without any motion, should say it is referred to the auditing Committee or auditors."

In this case we have no record to show what disposition was made of the financial portion of the report of the Board of Lay Activities. It is pertinent here to say that in the light of the provisions of Paragraph 722 of the 1948 Discipline, and the above quotations from the rules governing the Kentucky Conference, it was improper for that Conference to accept, in the sense of adopting, the financial report of the Conference Board of Lay Activities until same had been audited and the figures found to be correct. In no wise should the provisions of Paragraph 722 of the Discipline be ignored or disregarded.

Even though some of the District Lay Leaders may not have reported, the Board should have presented its report on the data at hand and had its financial statement audited, thus placing the blame for the incomplete report where it belonged.

However, other portions of the annual report which do not relate to finances can be considered by the Conference at the will of the Conference. In so far as Bishop Watkins' ruling relates to matters that are not financial and which are not required to be reviewed by any body except the Annual Conference, it is hereby affirmed. The financial part of the report should have been referred to the auditing committee for audit and report.

The second question propounded is as follows:

"Can a Conference Lay Leader be nominated, except on certificate in writing that at a regular meeting, with a quorum present, that person so nominated was so named by ballot by a majority of said quorum of the Conference Board of Lay Activities?"

To this question Bishop Watkins answered as follows:

"When a member of a subordinate body makes a nomination to the Annual Conference for that body it is not necessary for him to state that the subordinate body has kept the law of the Church in arriving at its decision. Failure by the one making the nomination to state that the vote was by ballot and that there was a quorum present does not invalidate the nomination. Neither law nor custom requires such."

With this portion of the Bishop's ruling we concur and same is hereby affirmed.

To the third question:

"May the nomination of the Board of Lay Activities for Conference Lay Leader be made orally or must it be made in writing?"

The Bishop made answer as follows:

"There is no requirement in Paragraph 1494 of the Discipline that the nomination be in writing."

The Discipline does not specify the manner of presenting nominations for Conference Lay Leader to the Annual Conference; hence oral nominations may be made unless the Annual Conference has provided otherwise. We have no evidence of any action on the part of the Kentucky Annual Conference requiring such nomination to be in writing.

The questions propounded, however, have implications that are more far-reaching than the matter of whether the nomination can be made orally, or must be made in writing. They seem to inquire as to what constitutes a quorum, and what constitutes a legal nomination for Conference Lay Leader in the Kentucky Conference.

For a nomination for Conference Lay Leader in the Kentucky Conference to be valid, same must be determined by the Conference Board of Lay Activities by ballot, as provided in Paragraph 1494 of the Discipline. For said Conference Board of Lay Activities to make a valid nomination there must be a majority of the members present and voting, and the nominee must receive a majority of the votes of the members present and voting.

This statement is supported by the following:

1. The Kentucky Annual Conference is governed as far as possible by the Rules of the last General Conference. The Rules of the last General Conference (Handbook for Delegates, the General Conference, 1948, P. 179-80, Section 3 of Paragraph 4) provide that a majority of the members of its Committees shall constitute a quorum for the transaction of business.

2. Robert's Rules of Order, Page 258, provides that in the absence of a specific provision for a lesser number, a quorum consists of a majority of the body.

3. In the former ruling of Bishop Watkins above referred to, relating to the election of a Conference Lay Leader in the Kentucky Conference, Bishop Watkins

ruled that to constitute a quorum for the nomination of a Conference Lay Leader a majority of the Conference Board of Lay Activities was required to be present, and that a nomination made at a meeting of the Board at which a majority of the members of the Board was not present was invalid.

Mr. Redwine, in his brief filed in the pending case, states: "That was a correct ruling."

The Judicial Council concurs in this statement of the law. A nomination made otherwise is illegal and invalid.

It is the decision of the Judicial Council, however, that when such nomination is made to the Annual Conference by a representative of the Board, the regularity of the proceeding by which such nomination was determined will be presumed in the absence of a showing to the contrary. We draw an inference from the meager record before us that Brother Redwine, who propounded these questions to the Bishop, was present when the proceedings complained of took place. There is nothing in his brief or in the Bishop's ruling indicating that there was any irregularity in arriving at the nomination presented. We cannot hold that it was the duty of the Bishop to engage in an investigation of the proceedings of the Conference Board of Lay Activities in determining the nomination before putting same to the vote of the Conference. We feel that it would have been the moral duty of anyone knowing the facts to challenge such proceeding if there had been any irregularity therein. There is no evidence in the record indicating such irregularity. Bishop Watkins, in his statement in support of his ruling, asserts that there was a quorum of the Board present, and that the nomination was made by ballot, and that the nominee reported to the Annual Conference received a majority of the votes of the members present and voting. He further states: "All of these facts are conceded by the Plaintiff."

Brother Redwine, in his brief, makes no denial of this assertion, but states that it is "totally outside the record." Since the record is silent as to any indication of irregularity in connection with the nomination, it can safely be presumed that there was no irregularity, and that the nomination and election were legal and valid.

Except as hereinbefore modified, the rulings of Bishop Watkins are affirmed.

In Re: Ruling of Bishop Lloyd C. Wicke in Pittsburgh Conference with Reference to Adoption of Ministers Reserve Pension Plan

DIGEST OF THE DECISION

The Annual Conference has no authority to delegate its responsibilities and powers to Quarterly Conferences except as explicitly given that authority by the General Conference. Therefore the Pittsburgh Annual Conference had no authority to delegate to the Quarterly Conferences the power to determine whether or not the Annual Conference would adopt the Reserve Pension Plan.

STATEMENT OF FACTS

At the meeting of the Pittsburgh Annual Conference, held in Pittsburgh, Pennsylvania, on May 19, 1950, the Annual Conference Committee on Reserve Pension Plan made its report recommending, *inter alia*: "That the Pittsburgh Conference join the Ministers Reserve Pension Fund of The Methodist Church." Motion was made to adopt this recommendation of the Committee. Thereafter the following substitute motion was offered: "Before this legislation can become officially a part of the Conference financial program it must be approved by two-thirds of the Quarterly Conferences of the churches of the Conference." (See Journal of the Pittsburgh Conference, 1950, P. 501.) This motion prevailed, and Presiding Bishop Lloyd C. Wicke was requested in writing to rule on the validity of the above action of the Conference.

Bishop Wicke ruled that "such reference to the Quarterly Conferences for referendum would be a delegation of powers for which the Constitution makes no provision," citing Paragraph 22 of the Constitution and Section II of Paragraph 1642 of the 1948 Discipline. The question is presented: "Is the ruling of the Presiding Bishop valid?"

JURISDICTION

Division Four, Article II (Paragraph 43 of 1948 Discipline) of the Constitution of The Methodist Church reads in part as follows:

"Art. II.—The Judicial Council shall have authority: . . .
"3. To pass upon decisions of law made by bishops in Annual or District Conferences."

Excerpts from the minutes of the 1950 Session of the Pittsburgh Annual Conference show clearly that such a ruling was made by Bishop Wicke with respect to the matter now under consideration. We therefore hold that the Judicial Council has jurisdiction to review and pass upon said ruling made by Bishop Wicke in the 1950 Session of the Pittsburgh Annual Conference.

Decision of the Judicial Council

Paragraph 22, Article II of the Constitution reads as follows:

"The Annual Conference is the basic body in the church, and as such shall have reserved to it the right to vote on all constitutional amendments, on the election of ministerial and lay delegates to the General and the Jurisdictional or Central Conferences, on all matters relating to the character and conference relations of its ministerial members, and on the ordination of ministers, and such other rights as have not been delegated to the General Conference under the Constitution, with the exception that the lay members may not vote on matters of ordination, character, and conference relations of ministers. It shall discharge such duties and exercise such powers as the General Conference under the Constitution may determine."

A careful analysis of the provisions of Paragraph 22 above quoted shows affirmatively that the Annual Conference is the basic body in the church and exercises such powers as are granted by Paragraph 22 above quoted. We can find nowhere therein any statement authorizing the Annual Conference to delegate any of its powers to the Quarterly Conferences.

Because of the importance of the matter herein involved, the Annual Conference could properly and wisely seek the advice of the Quarterly Conferences of its constituent churches by any means it deems proper. The Annual Conference cannot, however, leave the final determination of the question involved to any other body than the Annual Conference itself.

If we carefully note the provisions of Paragraph 1642, Section 2 of the 1948 Discipline, the relevant part of which reads as follows: "An Annual or Provisional Annual Conference, at any time, on its own determination, by a two-thirds vote of its membership present and voting, may enter the fund," we see that only the Annual Conference has the power to determine whether it shall enter the Ministers Reserve Pension Fund. By no stretch of the imagination can this section be construed to give the Annual Conference the right to delegate this power to the Quarterly Conferences of the Annual Conference.

In those instances where the church law has authorized the Annual Conference to delegate any powers to the Quarterly Conferences the power has been specifically set forth.

Since we find no authority in the applicable law of the church authorizing the delegation by an Annual Conference to the Quarterly Conferences of said Conference the final determination of the question whether or not the Annual Conference shall enter the Ministers Reserve Pension Fund, we must conclude that the delegation of this authority by the Pittsburgh Annual Conference to the Quarterly Conferences of that Conference was an unlawful delegation of authority; and the ruling of Bishop Wicke is therefore affirmed.

**In Re: Ruling of Bishop J. Ralph Magee in Illinois
Conference with Reference to Adoption of .
Ministers Reserve Pension Plan**

DIGEST OF THE DECISION

The Annual Conference has no authority to delegate its responsibilities and powers to Quarterly Conferences except as explicitly given that authority by the General Conference. Therefore the Illinois Annual Conference had no authority to delegate to the Quarterly Conferences the power to determine whether or not the Annual Conference would adopt the Reserve Pension Plan.

STATEMENT OF FACTS

At a special meeting of the Illinois Conference held in Bloomington, Illinois, on February 12, 1951, for the purpose of voting upon a Reserve Pension Plan for the Illinois Conference, a report was made by a Commission to study the Reserve Pension Plan. (P. 804-5, Journal and Year Book, Illinois Conference, 1951.) A motion was made to adopt the report of the Commission.

The following motion was made to amend the report: "That the plan, when approved, shall be subject to ratification by three-fourths of the Quarterly Conferences of the member Churches of the Illinois Conference, and shall be in effect and a campaign undertaken following such ratification."

The amended report was adopted by a vote of 236 for and 178 against.

On May 21, 1951, Bishop Magee was requested in writing to rule upon the validity of the above action in a Special Session of the Illinois Conference.

On June 7, 1951, at the regular session of the Illinois Conference, Bishop Magee ruled as follows:

"It is my judgment and I rule that the Annual Conference has no authority to delegate its responsibilities and powers to the Quarterly Conferences, except as explicitly given that right by the General Conference. . . . It was moved that the plan, when approved, be subject to ratification by a three-fourths majority of the Quarterly Conferences of the member churches of the Illinois Conference before the plan becomes operative or a campaign be undertaken. This was clearly out of order. The Illinois Annual Conference must determine by its own vote whether it will enter the Reserve Pension Plan."

The question is presented: "Is the ruling of Bishop Magee valid?"

JURISDICTION

The above ruling was made in open Conference and is properly before the Judicial Council for review.

Decision of the Judicial Council

While the facts presented in this case differ slightly from the facts presented in the matter of the ruling of Bishop Lloyd C. Wicke in the Pittsburgh Conference, heretofore decided by the Council at this session (Decision No. 78), the question of law involved is the same.

The ruling of Bishop Magee is accordingly affirmed for the reasons heretofore set forth in the decision of the Council in re the Pittsburgh Conference case above cited.

**In Re: Ruling of Bishop Jose L. Valencia in the
Philippines Annual Conference Relative to the
Conference Status of D. D. Alejandro,
Whose Term as Bishop of a Central
Conference Has Expired; and of
D. D. Alejandro's Appeal
Therefrom, and Petition
for Rehearing**

DIGEST OF THE DECISION

A Central Conference Bishop whose term of office expires or is terminated is returned to membership in the Annual Conference

of which he was a member when elected Bishop. D. D. Alejandro is bound by the 1946 action of the Central Conference under which he was elected, consecrated, and served as Bishop. At the close of the 1948 Session of the Philippines Central Conference he automatically became an effective member of the Philippines Annual Conference.

STATEMENT OF FACTS

For all intents and purposes this issue has already been determined, as the status of Brother D. D. Alejandro was determined by the Judicial Council at its April 28-30, 1949, Session. (See Judicial Decision No. 61, P. 175.)

The present proceeding is in the nature of an appeal by D. D. Alejandro for a rehearing on the issue involved, though brought in the form of a ruling made by a Bishop in an Annual Conference

The Constitution provides that the decisions of the Judicial Council shall be final (Paragraph 44, 1948 Discipline). Neither the Discipline nor the rules and regulations governing the procedure of the Council provide for a motion or petition for rehearing. However, should it be brought to the attention of the Council in any manner that an error has been made in a decision, it will correct such error even to the overruling of a former decision.

We have carefully considered the petition, argument, and exhibits presented by Brother Alejandro in behalf of his appeal. We agree with him that the action of the 1944 Session of the Central Conference was somewhat "muddled." The intent of the action of 1944 was clarified, however, in the action of the 1946 Central Conference when a new election was ordered for a term of two years. This action provided further that the Bishop then to be elected be consecrated for the two year service, and contained the following provision:

"Upon the completion of such service of consecration, the term of office of the Bishop fixed by the 1944 Central Conference shall be considered terminated."

Brother Alejandro was elected for this two-year term, accepted same, was consecrated as a Bishop, and served the two years. He is therefore bound by the provision above quoted and under which he was elected, consecrated, and served.

Decision of the Judicial Council

Neither the Constitution nor the Discipline provides the length of the term for a Central Conference Bishop. The "tenure" or term is to be fixed by the Central Conference under certain limitations. It is the decision of the Judicial Council that the 1946 action of the Central Conference under which D. D. Alejandro was elected, and was consecrated, and under which he served for the two years therein provided, was in accord with Paragraph 573 of the 1944 Discipline, and was therefore valid and binding on the appellant.

There being no merit in the appeal, the petition for rehearing is denied, and the ruling of Bishop Valencia thereon in the 1951 Session of the Philippines Annual Conference is hereby affirmed.

In Re: Pension Claim of Walter L. French

DIGEST OF THE DECISION

A retired minister whose pension payments from the Annual Conference were reduced during the quadrennium 1944-48 in accordance with the provisions of Paragraph 1630, Section 1, Discipline of 1944, has no right to claim from the Board of Conference Claimants the amount of such reductions.

STATEMENT OF FACTS

Walter L. French took the retired relationship in the Wyoming State Conference at the Session in June, 1944. According to the record he moved to California and took work as a Methodist supply pastor. During the quadrennium 1944 to 1948 his pension was reduced according to the provision of the 1944 Discipline, Paragraph 1630, Section 1. He protested to the Board every year and asked that the money withheld be paid to him. He has not at any time alleged any miscalculation, but has always protested that the legislation was unjust and invalid, and now he states that the General Conference of 1948 recognized it as such and therefore removed the provision (Paragraph 1630, Section 1) from the law of the church.

Walter L. French asked the Board of Conference Claimants of the Wyoming State Conference to pay him all moneys withheld from his pension during the quadrennium 1944 to 1948 under the provision of Paragraph 1630, Section 1, Discipline of 1944.

The Board, in session at the Conference on June 15, 1951, adopted an action refusing the request. The Board directed the Secretary to report the entire matter on the floor of the Conference, and to request the ruling of the Presiding Bishop, Glenn R. Phillips, on the legality of the action by the Board. Such ruling was made in open conference and is properly before the Judicial Council for review.

Ruling of the Bishop

"Ruling on the case of Walter L. French, a retired member of the Wyoming State Conference who appeals

for special consideration in connection with his annuity claim for the years 1944-48, it is my ruling that, according to Paragraph 1630, Section 1, of the 1944 Discipline of The Methodist Church, the Board of Conference Claimants of the Wyoming State Conference is legally justified in refusing to grant the request of Walter L. French for a distribution to him which would necessarily be made without reference to the qualifying provisions concerning said years."

Decision of the Judicial Council

The appellant in this case seems to base his claim, not on the ground that the legislation of the General Conference of 1944, Paragraph 1630, Section 1, was unconstitutional, but that it was unjust. The Judicial Council has no jurisdiction to pass upon the wisdom of any General Conference legislation, nor whether it may perhaps work hardship as alleged in this case. The Judicial Council can only determine whether such legislation comes within the constitutional power of the General Conference. Furthermore, the repeal of any legislation is not of itself an admission of any constitutional error. In this case it merely indicates that the General Conference adopted a different method in handling this very controversial subject, for a period after 1948.

While the provisions of Paragraph 1630, Section 1 of the 1944 Discipline were in effect, the Board of Conference Claimants had no alternative but to carry out its terms. We must not overlook the grant of power to the Annual Conference (See 1948 Discipline, Paragraph 1616, and previous Disciplines) to be the sole judge of the advisability and validity of annuity claims. The basic right of a retired minister is only a right to make an annuity claim. He has no contractual rights "unless and until provision shall have been made therefor on an actuarial reserve basis" (Paragraph 1615 of the 1948 Discipline). It is the Annual Conference, under the provisions of the Discipline, that decides what shall be granted on the claim.

Accordingly, the decision of the Judicial Council must be that the Bishop was correct in upholding the action of the Board of Conference Claimants in this case, and therefore the ruling of the Bishop is hereby affirmed.

In Re: Ruling of Bishop Valencia in the Philippines Annual Conference with Respect to a Full-Time Ministry

DIGEST OF THE DECISION

It is not necessary to adopt a fixed rule to determine the applicability of the term "full-time ministry" (Paragraph 343, Question 17, Discipline of 1948), as each case must be considered by the Committee on Conference Relations on the facts applicable thereto.

STATEMENT OF FACTS

At a Session of the Philippines Annual Conference in March, 1951, the Conference reviewed action taken by it at previous sessions in 1948, 1949, and 1950 as to the interpretation and application of the provision in the Discipline as to "full-time ministry," with particular reference to Paragraph 343, Question 17, Discipline of 1948. At the 1950 Annual Conference Session there was adopted, on the recommendation of the Committee on Conference Relations, the following:

"By *Full-Time Ministry* we mean to include: first, the Pastors regularly appointed to pastoral charges who derive their income from the church; second, ministers who are appointed by the Bishop under special appointment; third, students studying in approved institutions who are also pastors of churches."

At the session of the Annual Conference of March 29, 1951, the Presiding Bishop, Jose L. Valencia, made a ruling on the above matter as follows:

"In view of the fact that the 1948 Methodist Discipline required that the work of the ministry be full time and every member of the Annual Conference has taken a pledge to devote himself wholly to God and His work as provided in Paragraph 343, I hereby rule that the action on full-time ministry taken on February 18, 1950, is not necessary and the same is therefore ordered expunged from the records, and that any violation of the obligations contained in said Paragraph 343 or any other related provision of the Discipline may be referred to the Committee on Conference Relations for action."

Decision of the Judicial Council

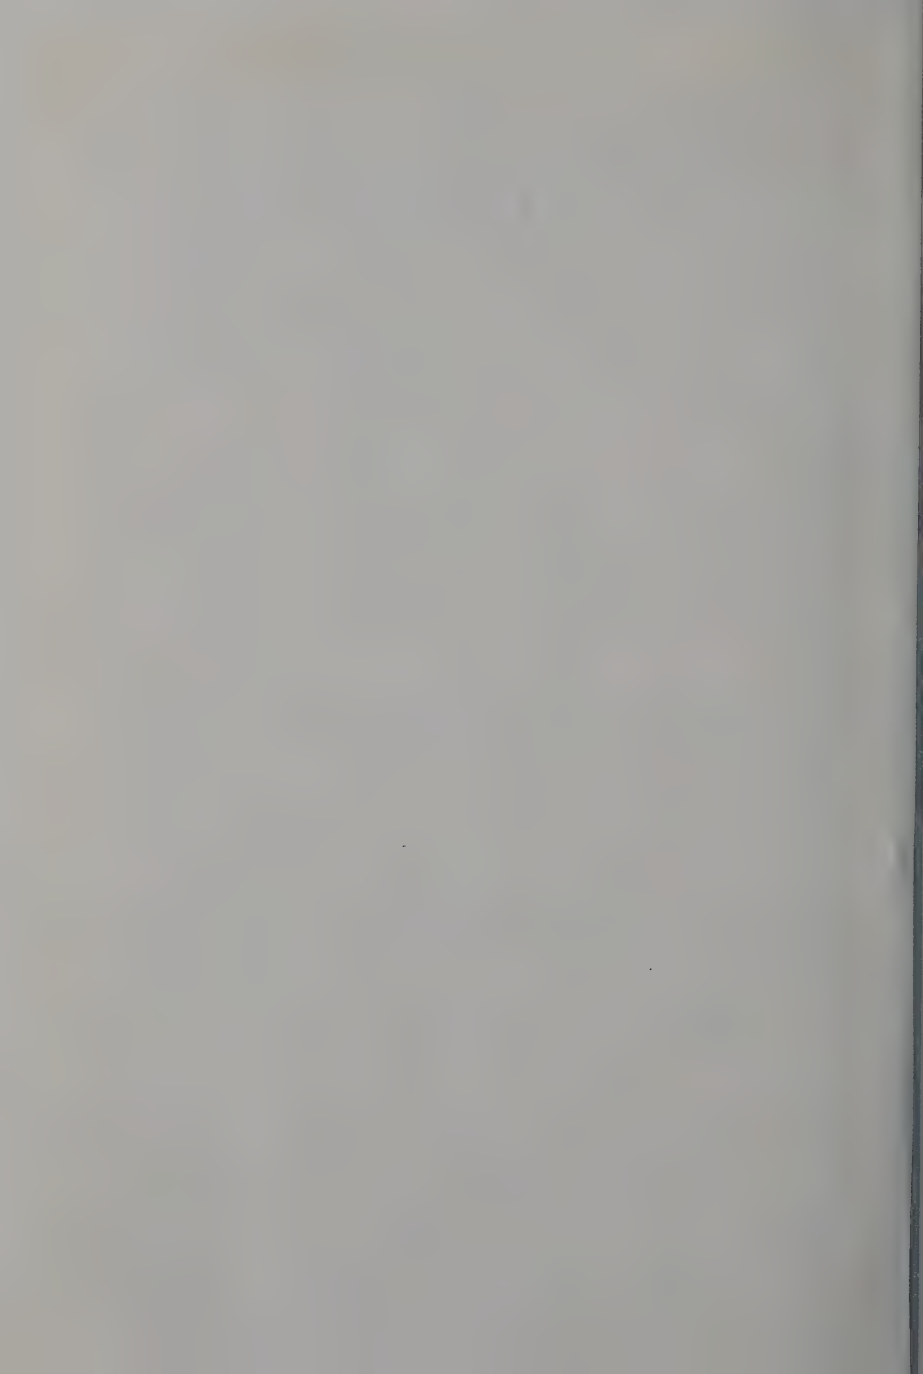

It is evident that the members of the Philippines Conference were endeavoring to adopt some workable definition of the term "full-time ministry" which could be applied under the conditions existing in that country. In other words, they were trying to bind the Committee on Conference Relations to some fixed standards. It is evident that any such standards would have to be rather flexible, and that each case as it comes up before the Committee

would have to be considered in connection with the particular facts applicable thereto.

Accordingly, as so interpreted, it is evident that the ruling of the Bishop was generally speaking correct in saying that any such rule is unnecessary. However, it was not in order to order the foregoing action to be expunged from the records, but simply to say that the same should be rescinded.

With the foregoing qualification, therefore, the ruling of the Bishop in this case is hereby affirmed.

INDEX OF ANNUAL CONFERENCE MINISTERIAL MEMBERS

The following is a list of the Conference Members, including Probationers, whose present relation to the Church is recorded in this volume. The figure before each name represents the year in which the man was received into Full Membership. Where the figure is omitted there is a question about the exact year and the matter is being investigated. The star (★) indicates that the name will not appear in the General Minutes next year, the man having been removed by death, discontinuance, location, withdrawal, or expulsion. **Boldface type** indicates that the preacher is retired. The superior figure in the page number is the column in which the name appears. The editor of the General Minutes will appreciate information which will increase the completeness and accuracy of this record. Address him, The Statistical Office, 740 Rush St., Chicago 11, Ill.
